Fictional application, for training only.

Personal Statement

I am a student in Nursing and I am applying to the Student Opportunity Fund for one purpose: travel to a clinical skills workshop. This opportunity connects directly to what I want to do after graduation, and I could not cover the full cost on my own this year.

Over the past year I have taken on more responsibility in my program, including helping newer students and working part time on campus. I have planned the costs carefully and kept them as low as I can, as the budget shows.

If I receive an award, I will share what I learn with my department, and I will submit the short report the fund asks for within a month of finishing.

Unofficial Transcript

Student: APP-003

Program: Nursing, BSN

Issued by the Registrar's office, October 2026. Unofficial copy.

Term	Course	Credits	Grade

Fall 2025	Microbiology	4	B
Spring 2026	Statistics	3	B+
Spring 2026	Community Health	3	A

Cumulative GPA: 3.52

Academic standing: Good standing

Reference 1

I am pleased to recommend applicant APP-003 for the Student Opportunity Fund. I have known the applicant for about two years, as their supervisor.

The applicant has worked with me on a project this year. They keep good records, meet deadlines without reminders, and are quick to tell me when something isn't working.

I think this opportunity is a natural next step for them, and I support the application strongly.

Reference 2

I am pleased to recommend applicant APP-003 for the Student Opportunity Fund. I have known the applicant for about two years, as their instructor.

The applicant has worked with me on a project this year. They keep good records, meet deadlines without reminders, and are quick to tell me when something isn't working.

I am confident the award would be well used, and I am happy to answer any questions.

Referee: Professor, Nursing
