Fictional application, for training only.

Personal Statement

I am a student in Social Work and I am applying to the Student Opportunity Fund for one purpose: travel costs for an unpaid summer internship. This opportunity connects directly to what I want to do after graduation, and I could not cover the full cost on my own this year.

Over the past year I have taken on more responsibility in my program, including helping newer students and working part time on campus. I have planned the costs carefully and kept them as low as I can, as the budget shows.

If I receive an award, I will share what I learn with my department, and I will submit the short report the fund asks for within a month of finishing.

Fall 2025	Diversity and Justice	4	B
Spring 2026	Statistics	3	B
Spring 2026	Field Seminar	4	A

Cumulative GPA: 3.17

Academic standing: Good standing

Reference 1

I am pleased to recommend applicant APP-006 for the Student Opportunity Fund. I have known the applicant for about two years, as their supervisor.

In my course the applicant stood out for steady, careful work rather than last-minute effort. Their written work improved a great deal over the year, and they take feedback well.

I think this opportunity is a natural next step for them, and I support the application strongly.
