Fictional application, for training only.

Personal Statement

I am a student in Environmental Studies and I am applying to the Student Opportunity Fund for one purpose: field course on watershed monitoring. This opportunity connects directly to what I want to do after graduation, and I could not cover the full cost on my own this year.

Over the past year I have taken on more responsibility in my program, including helping newer students and working part time on campus. I have planned the costs carefully and kept them as low as I can, as the budget shows.

If I receive an award, I will share what I learn with my department, and I will submit the short report the fund asks for within a month of finishing.

Unofficial Transcript

Student: APP-009

Program: Environmental Studies, BS

Issued by the Registrar's office, October 2026. Unofficial copy.

Term	Course	Credits	Grade
Fall 2024	Environmental Science	3	A-

Fall 2025	Environmental Policy	3	A-
Fall 2025	Statistics	4	B+
Spring 2026	Hydrology	3	A-
Spring 2026	Field Methods	4	B+

Cumulative GPA: 3.66

Academic standing: Good standing

Reference 1

I am pleased to recommend applicant APP-009 for the Student Opportunity Fund. I have known the applicant for about two years, as their supervisor.

The applicant is reliable, prepares carefully and asks good questions. Their work this year has been among the strongest in the group, and they have been generous with their time in helping others.

I think this opportunity is a natural next step for them, and I support the application strongly.

Reference 2

I am pleased to recommend applicant APP-009 for the Student Opportunity Fund. I have known the applicant for about two years, as their instructor.

I have watched the applicant take on more responsibility each semester. Other students go to them for help, and they explain things patiently and clearly.

I think this opportunity is a natural next step for them, and I support the application strongly.

Application Form, Part 2: Declaration

I confirm that the information in this application is true and complete. I understand that awards must be used for the purpose described, and that I must return any unused funds and submit a short report within one month of finishing the activity.

I agree that the Operations Office and the scholarship committee may contact my referees and check my enrollment.
