Application Form, Part 1: Your Details

Applicant ID: APP-011

Program of study: Mechanical Engineering, BS

Year: Third year

Expected graduation: May 2028

Purpose of award: Team travel to a student design competition

Dates of activity: Summer 2027

Amount requested from the fund: $1,535

Date submitted: October 16, 2026

Applicant checklist (completed by the applicant)
☒ Application form, Parts 1 and 2
☒ Transcript
☒ Two references
☒ Budget
☐ Personal statement (optional)

Fictional application, for training only.

Application Form, Part 2: Declaration

I confirm that the information in this application is true and complete. I understand that awards must be used for the purpose described, and that I must return any unused funds and submit a short report within one month of finishing the activity.

I agree that the Operations Office and the scholarship committee may contact my referees and check my enrollment.

Applicant signature: /s/ APP-011

Applicant ID: APP-011

Date: October 16, 2026

A typed electronic signature ("/s/" followed by your applicant ID) is accepted.

Budget

Applicant ID: APP-011

Item	Amount
Team registration, share	$300
Van rental, share	$240
Hotel, 3 nights, shared	$345
Meals	$240
Prototype materials	$410
Amount requested from the fund	**$1,535**

Costs are estimates based on current prices. Receipts will be kept.

Term	Course	Credits	Grade
Fall 2026	In progress	15	IP

Cumulative GPA: 3.84

Academic standing: Good standing

Reference 1

I am pleased to recommend applicant APP-011 for the Student Opportunity Fund. I have known the applicant for about two years, as their instructor.

In my course the applicant stood out for steady, careful work rather than last-minute effort. Their written work improved a great deal over the year, and they take feedback well.

I am confident the award would be well used, and I am happy to answer any questions.

Reference 2

I am pleased to recommend applicant APP-011 for the Student Opportunity Fund. I have known the applicant for about two years, as their supervisor.

In my course the applicant stood out for steady, careful work rather than last-minute effort. Their written work improved a great deal over the year, and they take feedback well.

The activity described in this application fits their goals well, and I expect they will make good use of it. I recommend them without reservation.
